

OALCF Task Cover Sheet

Task Title: Using a public transit website

Learner Name:	
Date Started:	Date Completed:
Successful Completion: Yes ___ No ___	
Goal Path: Employment__ Apprenticeship__ Secondary School__ Post Secondary__ Independence✓	
Task Description: In this task, the learner will find information from a city transit website. The learner will show their knowledge and understanding of using a transit system website.	
Competency: A: Find and Use Information C: Understand and Use Numbers D: Use Digital Technology	Task Group(s): A1: Read continuous text A2: Interpret documents C1. Manage Money D (no task groups for this competency)
Level Indicators: A1.2: Reads texts to locate and connect ideas and information A2.1: Interpret very simple documents to locate specific details A2.2: Interpret simple documents to locate and connect information C1.1: Compare costs and make simple calculations D.2: Perform well-defined, multi-step digital tasks	
Performance Descriptors: see chart on last page	
Materials Required: <ul style="list-style-type: none">• Pen or pencil• Computer connected to the internet	

Instructor preparation:

Review the instructions with the learner to confirm understanding of the tasks.

Ensure digital technology skills have been taught in order for the learner to use Google to find a website and to navigate a public transit website. Ensure a website is available for your local transit system. If the city you are in does not have a public transit system, have the learner choose a city they are familiar with, or suggest a city for them.

Task Title: Using a public transit website

People who are using public transit (buses) to get to a location for the first time may look at a transit website to find out information about the bus system.

You are using your city transit system to get to an appointment. Use the internet to complete these tasks.

Task 1: Use the Google search engine to find the website for the public transit (bus) system in your city. Go to the website.

Task 2: Use the public transit website to find out how much it is for an adult cash fare.

Write the adult cash fare cost here_____

Task 3: Use the public transit website to find out how much it costs for an adult monthly bus pass.

Write the cost of an adult monthly bus pass here_____

Task 4: Use the public transit website to locate the main terminal for the city's transit system

Write the location of the main terminal here_____

Task Title: Using a public transit website

Performance Descriptors		Needs Work	Completes task with support from practitioner	Completes task independently
A1.2	<ul style="list-style-type: none"> Scans text to locate information 			
	<ul style="list-style-type: none"> Locates multiple pieces of information in simple texts 			
	<ul style="list-style-type: none"> Makes low-level inferences 			
	<ul style="list-style-type: none"> Reads more complex texts to locate a single piece of information 			
A2.1	<ul style="list-style-type: none"> Scans to locate specific details 			
	<ul style="list-style-type: none"> Interprets brief text and common symbols 			
	<ul style="list-style-type: none"> Identifies how lists are organized 			
A2.2	<ul style="list-style-type: none"> performs limited searches using one or two search criteria 			
	<ul style="list-style-type: none"> extracts information from tables and forms 			
	<ul style="list-style-type: none"> uses layout to locate information 			
	<ul style="list-style-type: none"> makes connections between parts of documents 			
	<ul style="list-style-type: none"> makes low-level inferences 			
C1.1	<ul style="list-style-type: none"> Interprets and represents costs using monetary symbols and decimals 			
D.2	<ul style="list-style-type: none"> Selects and follows appropriate steps to complete tasks 			
	<ul style="list-style-type: none"> Locates and recognizes functions and commands 			
	<ul style="list-style-type: none"> Makes low-level inferences to interpret icons and text 			
	<ul style="list-style-type: none"> Begins to identify sources and evaluate information 			
	<ul style="list-style-type: none"> Performs simple searches using keywords
